Mr. Robert L. Morby ✓
Chief of Waste Management Branch
U.S.E.P.A.
324 E. 11th Street
Kansas City, MO 64106

Dear Mr. Morby:

→ Approximately 30 days ago we applied for our transportor number MOD 980 633 044 simply to satisfy any state regulation requiring same for transporting of PCB material. We inadvertently marked this form as a disposal site which we, of course, are not. The lady that helped us with the above said we must write you this letter in order to correct our mistake.

Thank you.

Jack Van Gundy
